

“ArmoService”
efficient, fast, smooth.

Installation, maintenance, refurbishment and after-sale service on scissor lifting tables, dock levellers, industrial, sectional doors, high speed doors and roller shutters.

Armo S.p.A. was founded in 1972. The efficiency of its industrial organisation and the experience of his staff are some of its main strengths

As manufacturer, we have the experience, the ability and the means to maintain, install and service **scissor lifting tables, dock levellers, industrial, sectional doors, high speed doors and roller shutters.**

Armo Service was created to provide an after-sales service to our customers. The high quality standard of our service **allows us to assist every dock leveller and sectional door installed, irrespective of brand.** For this type of work, we use experienced engineers only.

We give expert and professional advice for all kind of repairs.

Our Service Staff is able to provide full onsite maintenance and supply all required materials to complete works.

We can provide the final documentation following our works (e.g. new CE declaration, test certificate)

Some of our main strengths:

Inspection: you'll be introduced to our engineer before the inspection, and he will be your point of contact for the duration of the service.

Timing and flexibility: we will respect the agreed time and way of undertaking the service, settling down to your needs even within a short time frame.

Cleanliness and order: we always clean and tidy the working area, upon completion of works.
